Join our Board of Directors!

We are seeking candidates from diverse backgrounds that reflect populations in our community for the South-East Ottawa Community Health Centre (SEOCHC) volunteer Board of Directors. Please see recruiting priorities below. The information provides an overview, which may help you or someone you know choose to apply. See our Board Frequently Asked Questions for more details about the Board and its functions.

What We Do

South-East Ottawa Community Health Centre (SEOCHC) is an equity-driven organization committed to health equity and well-being for everyone in the diverse communities it serves. SEOCHC provides a full range of health and social services to individuals and families who live in the South-East Ottawa area. SEOCHC pays particular attention to people who face barriers in attaining their full health potential. We have a particular mandate to support newcomer, refugee and immigrant communities, as well as those who face barriers and poor health outcomes due to social determinants of health including: 2SLGBTQIA+ people; people living with mental health challenges; people dealing with addiction; frail and isolated seniors; families with low income; African, Caribbean and Black communities; racialized peoples; Francophones; First Nations, Inuit, Métis, and Indigenous peoples; persons with disabilities. We also offer specific services for people across the Champlain region including Primary Care Outreach for Seniors and Regional Integrated Care.

A Glimpse of the Work Involved

The Board provides leadership to SEOCHC at a policy and strategic level rather than from an operational or management perspective. With this orientation, the Board creates the vision and goals for the organization, sets strategic directions and ensures that the goals of the organization are met. Board members serve two-year terms. Typically, this involves a **commitment of six to eight hours per month.**

Who Should Run for Election?

We invite anyone who is committed to SEOCHC's mission, vision, and model of health and well-being to become a volunteer on our Board. We particularly welcome those who reflect the rich diversity of people living in South-East Ottawa.
